EMPLOYMENT

Roomthree Design **Senior Designer** **2005 - 2009**

Roomthree Design are a full service design agency creating award winning work across all media. In my role as Senior Designer I produced and oversaw all design work in the studio; identity, print, web, exhibition & conference. I also honed my project management skills while in Roomthree, enjoying the challenges that make my core interest of design possible; client liaison, project specifications, scheduling and budgeting.

Clients included: ComReg, Dept. of Transport, DTO, Dept. of Health & Children, Dualway Group, Fingal CoCo, World Heritage Ireland.

One Productions **Head of Design** **2003 - 2005**

One Productions is a creative design agency that specialises in the areas of Graphic Design, Multimedia, Television, Advertising and Marketing. As Head of the Design studio, my day to day responsibilities involved a mixture of both creative and administrative duties. I oversaw all creative output, from inception through to completion while maintaining an active role in the generation of original design work. On the administration side I scheduled all studio activity and ensured effective account and project management. Further to this I was responsible for the recruitment, supervision and evaluation of the studio team.

Clients Included: Clearchannel, Carr Communications, Unilever-Birds Eye, CRO, Hot Press, Conduit

Dynamo Design **Head of Web Design & Multimedia** **2000 - 2003**

Dynamo is an award winning agency and one of Ireland's most respected design and brand development consultancies. As head of Web & Multimedia Design I was instrumental in the development of this new department. I was responsible for the integration of Dynamo's established design expertise with emerging media, overseeing all web projects from initial client briefings and site map generation through to interface design and HTML programming.

Clients Included: Meteor, Diageo, EMI, A&L Goodbody, Tayto, Unilever-Best Foods.

Travelfinders **Graphic Designer** **1998 - 2000**

One of Ireland's foremost travel information providers: Travelfinders' services include web-design and consultancy alongside travel advertising management for teletext on both RTE & TV3. I undertook web design and programming responsibilities for all web, print and advertising requirements.

Clients Included: RTE, American Holidays and Villa & Golf Vacations.

SOFTWARE

Indesign, Photoshop, Illustrator, QuarkExpress, HTML, Dreamweaver, Word.
I am proficient on both PC & Mac platforms.

INTERESTS

Model-making, Basketball, Film, Photography, Music, Reading.

Providing Innovative training solutions to meet the increasing demands of Ireland's knowledge driven economy.

What is the Professional Development Services (PDS) Office?
 The PDS office provides a single, visible and professional conduit for industry and the professions to access and utilise the wealth of expertise that exists within the Dublin Institute of Technology and actively seeks to optimise external collaborations and partnerships in the CPD area.

Featured CPD Course:
(Bio)pharmaceuticals
 DIT offers a comprehensive range of CPD programmes designed for the Pharmaceutical, Biopharmaceutical and Medical device sectors. They are aimed at employees with experience of working in this sector and wish to gain more relevant skills and qualifications.
 These programmes can be taken as standalone modules or as part of a complete programme. Prospective students can join in with current students while the module is being delivered in DIT. Subject to demand, these programmes or modules can be delivered on-site and at times

How can we help you?
 The DIT is at the forefront of the development and delivery of recognised, integrated and needs - driven training programmes designed to accelerate the acquisition of managerial, technical and innovative skills within industry/professions thereby strengthening their base and improving competitiveness.
